*To Order a Six Panel House Type Combination Door*

1. MEASURE WIDTH of the existing primary door (do not include the lip)
2. MEASURE HEIGHT of the existing primary door (do not include the lip)
3. To determine the ROUGH OPENING Add 1 5/16" inches to the WIDTH and Add 1-3/16" to the HEIGHT
4. Select the nearest AVAILABLE SIZE from the chart below.
5. The HAND (Right or Left) is determined while looking at the door from outside the home by which side the hinges are on.

**Note:** Some cutting or alteration of the rough opening may be necessary for proper fit. Do not cut or alter the opening until you have determined the proper door size and are ready to install the new door.

WIDTH				HEIGHT
32"	34"	36"	38"	
3276	3476	3676		76"
	3480	3680	3880	80"
			3882	82"

PLEASE MEASURE CORRECTLY. NO RETURNS ON SPECIAL ORDER DOORS.
